Site

The various trees, as listed above, seen in the photographs, and marked on the plan are situated in the rear garden of the property. They are indiscernibly publicly visible from Donovan Avenue N10.

A site visit was not deemed necessary to determine the appropriateness of the proposed works.

The location is also within the Muswell Hill Conservation Area. This protects every tree with a diameter at breast height (taken at 1.5m) >75mm.

Proposal

Tree works proposed.

(T1) Apple - Reduce height and spread back to previous pruning points (1-1.5m) for general tree maintenance and to access more light/room into garden area.

(T2) Apple - Reduce height and spread back to previous pruning points (1-1.5m) for general tree maintenance and to access more light/room into garden area.

(T3) Buddleia - Cut back overhanging branches back to fence line (1m) as leaning on fence which may cause future damage.

Issues

I hold no objections to the repeat reasonable pruning works.

The specification is within good arboricultural practice and husbandry.

All species generally respond well from such pruning operations.

Recommendation

No Objection
