Proposal	T1 & T2: 2 x Mature Limes: 19.00m: Reduce back to previous and recent pollard points. Remove dead wood and broken branches throughout. Remove epicormic shoots at base of the trees by cutting near to the ground as possible. Control encroachment/general maintenance.

RECOMMENDATION:	No Objection	
Application date	21/02/2024	
Tree Inspector	DM	Date: 26 th March 2024

Site

The two Lime *Tilia* spp. trees T1 & T2, as marked on the plan and can be viewed on Street View, are situated in the front garden of the property. They are publicly visible.

A site visit was not deemed necessary to determine the appropriateness of the proposed works.

The location is also within the Highgate Conservation Area. This protects every tree with a diameter at breast height (taken at 1.5m) >75mm.

Proposal

Tree works proposed.

T1 & T2: 2 x Mature Limes: 19.00m: Reduce back to previous and recent pollard points. Remove dead wood and broken branches throughout. Remove epicormic shoots at base of the trees by cutting near to the ground as possible. Control encroachment/general maintenance.

Issues

I hold no objections to the repeat reasonable pruning works to prune back to the most recent previous points.

The specification is within good arboricultural practice, husbandry, and standard.

Limes generally respond well to such crown reductions and management regimes.

Recommendation

No Objection
