

PROTECTED TREE REPORT (TREE WORKS)

Haringey Council, L4,
Alexandra House, Station
Road N22 7TY

Application number	HGY/2024/0454
Application type	Conservation Area Notification
Site Address:	32 Wolseley Road, Hornsey, London, N8 8RP
Proposal	T1) Norway Maple: Reduce overall crown by up to 2.5 metre branch lengths; all cuts within previous, most recent reduction framework; remove all dead and defective branchwood. T2) Sycamore: Reduce overall crown by up to 2.5 metre branch lengths; all cuts within previous, most recent reduction framework; remove all dead and defective branchwood.

RECOMMENDATION:	No Objection	
Application date		
Tree Inspector	DM	Date: 26 th March 2024

Site

The Norway Maple T1 & Sycamore T2 trees, as marked on the plan, are situated in the rear garden of the property. They are not publicly visible at street level.

A site visit was not deemed necessary to determine the appropriateness of the proposed works.

The location is also within the Crouch End Conservation Area. This protects every tree with a diameter at breast height (taken at 1.5m) >75mm.

Proposal

Tree works proposed.

T1) Norway Maple: Reduce overall crown by up to 2.5 metre branch lengths; all cuts within previous, most recent reduction framework; remove all dead and defective branchwood.

T2) Sycamore: Reduce overall crown by up to 2.5 metre branch lengths; all cuts within previous, most recent reduction framework; remove all dead and defective branchwood.

Issues

I hold no objections, from an arboricultural point of view, the repeat reasonable proposed pruning works to prune back to the most recent previous points.

The specification is within good arboricultural practice, husbandry and standard.

Maples and Sycamores generally respond well to such reduction works.

Recommendation

No Objection
