

PROTECTED TREE REPORT (TREE WORKS)

Haringey Council, L4,
Alexandra House, Station
Road N22 7TY

Application number	HGY/2024/0503
Application type	Conservation Area Notification
Site Address:	6 Haslemere Road, Hornsey, London, N8 9QX
Proposal	T1 Acer pseudoplatanus (Sycamore closest to house) Reduce to previous reduction points - routine management to contain crown and root-activity T2 Acer pseudoplatanus (Sycamore closest to road) Remove deadwood, reduce to previous reduction points / crown reduce by up to 2m - routine management to contain crown and root-activity due to under management.

RECOMMENDATION:	No Objection	
Application date	27/03/2024	
Tree Inspector	DM	Date: 27 th March 2024

Site

The Sycamore trees T1 & T2, as marked on the plan and seen in the photographs are situated in the front garden of the property. They are publicly visible.

A site visit was not deemed necessary to determine the appropriateness of the proposed works.

The location is also within the Crouch End Conservation Area. This protects every tree with a diameter at breast height (taken at 1.5m) >75mm.

Proposal

Tree works proposed.

T1 Acer pseudoplatanus (Sycamore closest to house)

Reduce to previous reduction points - routine management to contain crown and root-activity

T2 Acer pseudoplatanus (Sycamore closest to road)

Remove deadwood, reduce to previous reduction points / crown reduce by up to 2m - routine management to contain crown and root-activity due to under management

Issues

I hold no objections to the repeat reasonable proposed pruning works to reduce back to the most recent previous points.

The specification is within good arboricultural practice, husbandry and standard.

Sycamores generally respond well to such reductions and restore their crowns.

Recommendation

No Objection
