Site

The Pine *Pinus* spp. tree T1, as marked on the plan and seen in the photograph, is situated in the front communal garden of the property. It is publicly visible.

A site visit was not deemed necessary to determine the appropriateness of the proposed works.

The location is also within the Highgate Conservation Area. This protects every tree with a diameter at breast height (taken at 1.5m) >75mm.

Proposal

Tree works proposed.

Reduce overextended branch of Pine tree (T1) over road by 3m to reduce chance of failure. (Please note that works to Sycamore (T2), Plane tree (T3) and Oak (T4) will be considered via application HGY/2024/0680, as these trees are protected by TPOs).

Issues

I hold no objections, for the reasons stated, to the above specification to reduce the overextended branch by up to 3m from the very tip.

Recommendation

No Objection
