RECOMMENDATION:	No Objection	
Application date	26/02/2024	
Tree Inspector	DM	Date: 18 th April 2024

Site

The tree is situated in the rear garden of the property. It is not publicly visible.

A site visit was deemed necessary to determine the appropriateness of the proposed works (17/04/2024 at approximately 12:30pm).

The location is also within the Muswell Hill Conservation Area. This protects every tree with a diameter at breast height (taken at 1.5m) >75mm.

Proposal

Tree works proposed.

Tree Species:

- Sycamore

Proposed work:

- Reduce tree by 30% bringing it back to the point where it was previously pollarded
- Remove the second trunk

(The work above will be carried out at the same time or split into two (1) Pollard Tree (reduce by 30%) (2) Remove the second trunk)

Issues

I hold no objection to the proposed pruning works.

To prune back to the most recent previous is repeat works to manage as a high pollard.

There is a tight fork at the base with included bark.

The removal of the back stem will aid addressing what is s significant defect.

The crown reduction works and removal of the back twin stem will not leave the Sycamore tree unbalanced.

Recommendation

No Objection
