

PROTECTED TREE REPORT (TREE WORKS)

Haringey Council, L4,
Alexandra House, Station
Road N22 7TY

Application number	HGY/2024/0676
Application type	Conservation Area Notification
Site Address:	130 Stapleton Hall Road, Hornsey, London, N4 4QB
Proposal	Reduce crown of pear (T1) by 2-3m. Reduce crown of birch (T2) by 2.5m in height and 1.5m off lateral branches. Prune back elder (T3) to boundary line and reduce by 2m. Works to maintain good health of trees and to allow more light into front and back garden.

RECOMMENDATION:	No Objection	
Application date	12/03/2024	
Tree Inspector	DM	Date: 24 th April 2024

Site

The various trees, as listed above, marked on the plan, and seen in the photographs are situated in the front and rear garden of the property. They are publicly visible at the front.

A site visit was not deemed necessary to determine the appropriateness of the proposed works.

The location is also within the Stroud Green Conservation Area. This protects every tree with a diameter at breast height (taken at 1.5m) >75mm.

Proposal

Tree works proposed.

Reduce crown of pear (T1) by 2-3m. Reduce crown of birch (T2) by 2.5m in height and 1.5m off lateral branches. Prune back elder (T3) to boundary line and reduce by 2m. Works to maintain good health of trees and to allow more light into front and back garden.

Issues

I hold no objections to the reasonable proposed pruning works.

The specification is within standard good arboricultural practice and husbandry.

The reduction to the birch will bring the tree into scale to its surroundings.

From the photographs there appears to be small, localised damage to the dwarf wall. The reduction will also curtail the tree's growth.

Recommendation

No Objection
