| Application type   | Conservation Area Notification                                                                                                                                                                                                                                                                                                                                                                                                                                                             |
| Site Address:      | 18 Coolhurst Road, Hornsey, London, N8 8EL                                                                                                                                                                                                                                                                                                                                                                                                                                                 |
| Proposal           | <p>Willow (T2): Reduce to previous most recent pruning points<br/>All prescribed treatment to protect the health and stability of trees to be retained on the site, and to ensure that a satisfactory standard of visual amenity is provided and maintained. All specified work is within good arboricultural practice and husbandry.</p> <p>(Please note that the works to Yew (T1) will be considered under application reference HGY/2024/0712, as the tree is protected by a TPO).</p> |

|                  |              |                                   |
|------------------|--------------|-----------------------------------|
| RECOMMENDATION:  | No Objection |                                   |
| Application date | 14/04/2024   |                                   |
| Tree Inspector   | DM           | Date: 14 <sup>th</sup> April 2024 |

## **Site**

The Willow tree T2, as marked on the plan and seen in the photograph, is situated in the rear garden of the property. It is not publicly visible.

A site visit was not deemed necessary to determine the appropriateness of the proposed works.

The location is also within the Crouch End Conservation Area. This protects every tree with a diameter at breast height (taken at 1.5m) >75mm.

## **Proposal**

Tree works proposed.

Willow (T2): Reduce to previous most recent pruning points

All prescribed treatment to protect the health and stability of trees to be retained on the site, and to ensure that a satisfactory standard of visual amenity is provided and maintained. All specified work is within good arboricultural practice and husbandry.

(Please note that the works to Yew (T1) will be considered under application reference HGY/2024/0712, as the tree is protected by a TPO).

## **Issues**

I hold no objections to the reasonable repeat pruning works.

The specification is within standard good arboricultural practice and husbandry.

Willows generally respond well from such reduction works.

## **Recommendation**

**No Objection**
