

PROTECTED TREE REPORT (TREE WORKS)

Haringey Council, L4,
Alexandra House, Station
Road N22 7TY

Application number	HGY/2024/0699
Application type	Conservation Area Notification
Site Address:	101 Fortis Green Road, Hornsey, London, N10 3HP
Proposal	T1 Ash - tree is located in the rear garden of the property which is a block of flats/apartments. The tree was reduced a few years ago and has grown on well since. The property has a severe problem with squirrels going into the property causing a lot of damage. Daniel Monk the tree officer for the borough has approved the works subject to no public objections. reduce tree to previous pruning points.

RECOMMENDATION:	No Objection	
Application date	13/03/2024	
Tree Inspector	DM	Date: 24 th April 2024

Site

The Ash tree T1, as marked on the plan and seen in the photograph, is situated in the rear garden of the property. It is indiscernibly publicly visible from Firs Avenue.

A site visit was not deemed necessary to determine the appropriateness of the proposed works.

The location is also within the Muswell Hill Conservation Area. This protects every tree with a diameter at breast height (taken at 1.5m) >75mm.

Proposal

Tree works proposed.

T1 Ash - tree is located in the rear garden of the property which is a block of flats/apartments. The tree was reduced a few years ago and has grown on well since. The property has a severe problem with squirrels going into the property causing a lot of damage. Daniel Monk the tree officer for the borough has approved the works subject to no public objections. reduce tree to previous pruning points.

Issues

I hold no objection to the reasonable repeat proposed pruning works to reduce back to the most recent previous.

The specification is within standard good arboricultural practice and husbandry.

Ash trees generally respond well to such pruning regimes.

The Ash tree is also close to the adjacent structure.

Recommendation

No Objection
