Site

The Bay tree T1, as seen in the photograph and marked on the plan, is situated in the rear garden of the property. It is not publicly visible.

A site visit was not deemed necessary to determine the appropriateness of the proposed works.

The location is also within the Fortis Green Conservation Area. This protects every tree with a diameter at breast height (taken at 1.5m) >75mm.

Proposal

Tree works proposed.

Rear garden with side access via no. 30 Alexandra Park Road

T1 - Large Bay

Crown reduce the height by approx. 0.5-1m regrowth and reduce the laterals by approx. 0.5-1m in order to achieve a symmetrical shaped canopy.

Issues

I hold no objections to the proposed repeat reasonable pruning works.

The specification is within standard good arboricultural practice and husbandry.

Bays generally respond well to such reduction works.

Recommendation

No Objection
