## **Site**

The Ash tree, as marked on the plan, is situated in the rear garden of the property. It is not publicly visible.

A site visit was not deemed necessary to determine the appropriateness of the proposed works.

The location is also within the Highgate Conservation Area. This protects every tree with a diameter at breast height (taken at 1.5m) >75mm.

## **Proposal**

Tree works proposed.

Ash - Remove 1 x broken branch

Reduce overhang back in-line with the path (approx. 1.2-1.5m)

Maintenance works in line with good arboricultural practice.

## **Issues**

I hold no objections to the proposed reasonable works to deal with the broken branch and a finishing cut.

## **Recommendation**

**No Objection**
