Site

The Austrian Pine tree T1, as marked on the plan and seen in the photographs, is situated in the front garden of the property. It is publicly visible.

A site visit was deemed necessary to determine the appropriateness of the proposed works (04/04/2024 at approximately 9am).

The tree is protected by a Tree Preservation Order (TPO)

Proposal

Tree works proposed.

Works to tree protected by a TPO (part of G.55 in the Hornsey Tree Preservation Order No 1 1954)

T1: Austrian Pine (22m): Reduce by up to 2.5m over driveway and reduce back by up to 1m from the house to reduce the risk of failure as some branches have snapped out recently and as part of regular maintenance

Issues

I object to the proposed pruning works.

The mature >20m high Pine has good morphology and high visual amenity value.

At the time of inspection, the tree appeared to be in a reasonable condition.

There is adequate clearance from the structure and the proposed specification is not seen as necessary works.
