Application type	Tree Preservation Order application
Site Address:	41 Sussex Gardens, Hornsey, London, N6 4LY
Proposal	T1: Silver birch (14m): Crown reduce by 1-1.5m as part of regular maintenance and to keep tree at a size suitable for its location.

RECOMMENDATION:	Objection	
Application date	23/02/2024	
Tree Inspector	DM	Date: 14 th May 2024

Site

The Birch *Betula* spp. tree T1, as marked on the sketch plan and seen in the photographs, is situated on the green within a group of trees, within the cul-de-sac. They are publicly visible.

A site visit was deemed necessary to determine the appropriateness of the proposed works (04/04/2024 at approximately 8:50am).

The trees are protected by a Tree Preservation Order (TPO)

Proposal

Tree works proposed.

T1: Silver birch (14m): Crown reduce by 1-1.5m as part of regular maintenance and to keep tree at a size suitable for its location.

Issues

I object to the proposed pruning works as stated above.

The Birch tree has been reduced before however, the tree has restored its crown and has now good morphology.

The Birch, along with the other trees on the green, has the space and room to grow into their surroundings.

The tree works are therefore seen as unnecessary.
