Site

The Pine *Pinus* spp. tree is situated in the rear garden of the property. It is publicly visible from Somerset Gardens N6.

A site visit was deemed necessary to determine the appropriateness of the proposed works (10/04/2024 at approximately 11am).

The tree is protected by a Tree Preservation Order (TPO)

Proposal

Tree works proposed.

Works to tree protected by a TPO:
Pine - Reduce largest branch back to major branch union (approx. 3m)
Reduce unruly spread over no. 4 Somerset gardens (approx. 0.5-0.8m)
Reduce new growth over neighbouring property by branch lengths of 0.6-0.8m
Maintenance works in line with good arboricultural practice.

Issues

I object to the proposed pruning works as stated above.

The Pine tree has good morphology, in scale to its surroundings, and there is adequate clearance to the structures.

Tree works are therefore seen as unnecessary at this moment.
