Proposal

Tree works proposed.

Works to tree protected by a TPO

T8709 Sycamore - Reduce height and radial spread back to previous pruning points removing approximately 3m in regrowth reduce. Starting height 16m, spread 11m, leaving a height of 13m and spread 8m.

(Works to T0635 Leylandii will be considered separately under application reference HGY/2024/0574, as the tree is not protected by a TPO but is located within a Conservation Area).

Issues

I hold no objections to the repeat, reasonable proposed pruning works.

The specification is within standard good arboricultural practice and husbandry.

Sycamores generally respond well from such reduction works.

Recommendation

No Objection
