Site

The Poplar *Populus* spp. tree T1, as seen in the photograph and marked on the plan, is situated in the rear garden of the property. It is not publicly visible.

A site visit was not deemed necessary to determine the appropriateness of the proposed works.

The tree is protected by a Tree Preservation Order (TPO)

Proposal

Tree works proposed.

Works to tree protected by a TPO.

TPO 0629 is a Poplar

Proposed works: Crown reduced by approximately 2 metres on all axis

Reasons for works: The tree has been pruned on a 5 year circular management process to maintain its health and safety . Due to surrounding trees which have been recently reduced T1 stands higher than these trees and has the potential to be exposed to prevailing winds . Reducing the crown should abate any potential failures.

Issues

I hold no objections to the reasonable proposed pruning works for the reasons stated above.

The specification is within standard good arboricultural practice and husbandry.

Poplars generally respond well to such reduction works.

Recommendation

No Objection
