

PROTECTED TREE REPORT (TREE WORKS)

Haringey Council, L4,
Alexandra House, Station
Road N22 7TY

Application number	HGY/2024/0991
Application type	Conservation Area Notification
Site Address:	Flat 7, Southwood Heights, Southwood Lawn Road, Hornsey, London, N6 5SE
Proposal	Tree location - front garden Access - side access TA - Approx. H18+ S5+ 50+DBH group of multi stem Acers Crown reduce height by approx. 5-6m and reduce laterals (selectively) by 2-3m. TB - Approx. H18+ S5+ 30+DBH group of multi stem Acers Crown reduce height by approx. 5-6m and reduce laterals (selectively) by 2-3m.

RECOMMENDATION:	No Objection	
Application date	09/04/2024	
Tree Inspector	DM	Date: 16 th May 2024

Site

The *Acer* spp. trees TA & TB are situated in the rear garden of the property. They are not publicly visible.

A site visit was not deemed necessary to determine the appropriateness of the proposed works.

The location is also within the Highgate Conservation Area. This protects every tree with a diameter at breast height (taken at 1.5m) >75mm.

Proposal

Tree works proposed.

Tree location - front garden

Access - side access

TA - Approx. H18+ S5+ 50+DBH group of multi stem Acers

Crown reduce height by approx. 5-6m and reduce laterals (selectively) by 2-3m.

TB - Approx. H18+ S5+ 30+DBH group of multi stem Acers

Crown reduce height by approx. 5-6m and reduce laterals (selectively) by 2-3m.

Issues

I hold no objections to the proposed pruning.

Both groups of trees are past the pole stage and reaching the exclusion stage. The trees are elongated, leggy, and poor morphology due to the competing to the surrounding canopies.

The height reduction is taken from the very tip of the highest branch.

The crown line will be brought down below the crown line of the trees within the vicinity. They will be exposed to less external forces.

Recommendation

No Objection
