

PROTECTED TREE REPORT (TREE WORKS)

Haringey Council, L4,
Alexandra House, Station
Road N22 7TY

Application number	HGY/2024/1071
Application type	Conservation Area Notification
Site Address:	Health Centre, 44 North Hill, Hornsey, London, N6 4QA
Proposal	Repollard 11 limes trees (G01) back to previous most recent pollard points to let more light into area, reduce debris fall in car park and restrict root growth.

RECOMMENDATION:	No Objection	
Application date	16/04/2024	
Tree Inspector	DM	Date: 16 th May 2024

Site

The 11 Lime *Tilia* spp. trees, as marked on the plan and seen in the photographs, are situated in the rear grounds of the property. They are publicly visible from Church Road N6.

A site visit was not deemed necessary to determine the appropriateness of the proposed works (however, I am familiar with the location).

The location is also within the Highgate Conservation Area. This protects every tree with a diameter at breast height (taken at 1.5m) >75mm.

Proposal

Tree works proposed.

Repollard 11 limes trees (G01) back to previous most recent pollard points to let more light into area, reduce debris fall in car park and restrict root growth.

Issues

I hold no objections to the reasonable repeat proposed pruning works to prune back the high pollards to the most recent previous points.

The specification above is within common standard good arboricultural practice and husbandry.

Limes generally respond well to such management regime reductions.

Recommendation

No Objection
