

PROTECTED TREE REPORT (TREE WORKS)

Haringey Council, L4,
Alexandra House, Station
Road N22 7TY

Application number	HGY/2024/0032
Application type	Conservation Area Notification
Site Address:	Flat 1 108 Crouch Hill Hornsey London N8 9DY
Proposal	T1 Common Ash Remove strung choking the stem closest to the house. Remove major deadwood >50mm. Crown Lift to 6m above ground level. Reduce the canopy to give 3m clearance from the buildings. T3 Laurel Reduce to a height of approximately 2.5m to retain as a shrub.

RECOMMENDATION:	No Objection	
Application date	04/01/2024	
Tree Inspector	DM	Date: 17 th June 2024

Site

The Ash T1, as seen in the photographs and marked on the plan, and the Laurel T3 trees are situated in the rear garden of the property. The Ash is publicly visible from Cecile Road N8.

A site visit was deemed necessary to determine the appropriateness of the proposed works (06/06/2024 at approximately 11am).

The location is also within the Crouch End Conservation Area. This protects every tree with a diameter at breast height (taken at 1.5m) >75mm.

Proposal

Tree works proposed.

T1 Common Ash Remove strung choking the stem closest to the house. Remove major deadwood >50mm. Crown Lift to 6m above ground level. Reduce the canopy to give 3m clearance from the buildings.

T3 Laurel Reduce to a height of approximately 2.5m to retain as a shrub.

Issues

I hold no objections to the reasonable proposed pruning works.

The above specification is within good arboricultural practice and husbandry.

The Ash tree is multi stemmed with tight forks. It is sheltered by the structure and the surrounding larger mature Ash trees.

Recommendation

No Objection
