Site

The Ash tree T2, as marked on the plan and seen in the photographs, is situated in the rear garden of the property. It is not publicly visible.

A site visit was not deemed necessary to determine the appropriateness of the proposed works.

The location is also within the Crouch End Conservation Area. This protects every tree with a diameter at breast height (taken at 1.5m) >75mm.

Proposal

Tree works proposed.

T2 - Ash - Remove 2 overhanging limbs over garden and neighbours.

Issues

I hold no objections to the reasonable proposed pruning works.

The applicant has since confirmed that the lower suppress and dead branches are to be removed and pulled back.

The specification is within standard good arboricultural practice and husbandry.

Recommendation

No Objection
