Site

The Oak tree T1, as marked on the plan, and seen in the photographs is situated in the rear garden of the property. It is indiscernibly publicly visible between the structures from Compton Avenue N6.

A site visit was deemed necessary to determine the appropriateness of the proposed works (23/07/2024 at approximately 12pm).

The tree/s are protected by a Tree Preservation Order (TPO)

Proposal

Tree works proposed.

T1 Oak Tree - Reduce by 15% all over approximately 2.5 to 3 meters and remove the deadwood. Located in back garden.

Issues

I hold no objections to the reasonable proposed pruning works.

This is a maiden Oak that has never been reduced. However, it was noted from a site visit that the crown was showing slight decline and sparseness in the upper crown.

The sensitive reduction would aid the tree to retrench its crown to the lower crown line.

There appears to be good lower epinastic growth showing good rejuvenation.

Recommendation

No Objection
