Conditions: (6)

- 1** The development to which this permission relates must be begun no later than three years from the date of this decision notice, failing which the permission shall be of no effect.

Reason: This condition is imposed by virtue of Section 91 of the Town and Country Planning Act 1990 and to prevent the accumulation of unimplemented planning permissions.

- 2** The development hereby permitted shall be carried out in complete accordance with the approved plans and drawings listed in this decision notice, other than where those details are altered pursuant to the conditions of this planning permission.

Reason: For the avoidance of doubt and in the interests of proper planning.

- 3** The external materials to be used for the proposed development shall match in colour, size, shape and texture those of the existing building unless otherwise stated on the plans hereby approved.

Reason: In order to ensure a satisfactory appearance for the proposed development, to safeguard the visual amenity of neighbouring properties and the appearance of the locality consistent with Policy D3 of the London Plan 2021, Policy SP11 of the Haringey Local Plan 2017 and Policy DM1 of The Development Management DPD 2017.

- 4** Prior to the commencement of the use, full details of the type and location of cycle parking shall be submitted to and approved in writing by the Local Planning Authority. The use shall not commence until a minimum of 2 short-stay cycle parking spaces for users of the development have been provided, in accordance with the London Cycling Design Standards. The details shall be implemented in accordance with the approved details and retained/maintained as such thereafter.

Reason: To promote travel by sustainable modes of transport and to comply with the London Plan 2021 minimum cycle parking standards and the London Cycling Design Standards, policy T5 of the London Plan 2021, Policy SP7 of the Haringey Local Plan 2017 and to maximise the accessibility of the development.

- 5** At no time shall any amplified speech or music generated from the site be audible within the adjoining residential premises.

Reason: To prevent loss of amenity to neighbouring residential premises

due to noise generated from the premises in accordance wi

- 6 No demolition or development shall take place until a written scheme of investigation (WSI) has been submitted to and approved by the local planning authority in writing. For land that is included within the WSI, no demolition or development shall take place other than in accordance with the agreed WSI, which shall include the statement of significance and research objectives and
- A. The programme and methodology of site investigation and recording and the nomination of a competent person(s) or organisation to undertake the agreed works
 - B. Where appropriate, details of a programme for delivering related positive public benefits
 - C. The programme for post-investigation assessment and subsequent analysis, publication & dissemination and deposition of resulting material.
- This part of the condition shall not be discharged until these elements have been fulfilled in accordance with the programme set out in the WSI.

Reason: To safeguard the archaeological interest of the site in accordance with Policy DM9 of the Development Management Development Plan Document 2017 and the NPPF.

Informatives:

INFORMATIVE: Hours of Construction Work

The applicant is advised that under the Control of Pollution Act 1974, construction work which will be audible at the site boundary will be restricted to the following hours:-

8.00am - 6.00pm Monday to Friday

8.00am - 1.00pm Saturday

and not at all on Sundays and Bank Holidays.

INFORMATIVE: Party Wall Act

The applicant's attention is drawn to the Party Wall Act 1996 which sets out requirements for notice to be given to relevant adjoining owners of intended works on a shared wall, on a boundary or if excavations are to be carried out near a neighbouring building.

INFORMATIVE: Land Ownership

The applicant is advised that this planning permission does not convey the right to enter onto or build on land not within his ownership.

INFORMATIVE: Works to Trees(s) within a Conservation Area

It is brought to your attention that trees located within a conservation area which have a

stem diameter of 75mm or greater, measured at 1.5m, are afforded protection. Works to such trees require that the Local Planning Authority be given 6 weeks written notice unless an exception applies. Such notification should be made electronically via the Planning Portal www.planningportal.co.uk

where there is guidance on completing the form and what supporting evidence may be required or if this is not possible via email to planningsupport@haringey.gov.uk.

The written scheme of investigation will need to be prepared and implemented by a suitably professionally accredited archaeological practice in accordance with Historic England's Guidelines for Archaeological Projects in Greater London. This condition is exempt from deemed discharge under schedule 6 of the Town and Country Planning (Development Management Procedure) (England) Order 2015.

The pre-commencement condition is necessary to safeguard the archaeological interest on this site. Approval of the WSI before works begin on site. Approval of the WSI before works begin on site provides clarity on what investigations are required, and their timing in relation to the development programme. Without this pre-commencement condition being imposed the application should be refused as it would not comply with NPPF paragraph 205.

Watching Brief

An archaeological watching brief involves observation of groundworks and investigation of features of archaeological interest which are revealed. A suitable working method with contingency arrangements for significant discoveries will need to be agreed. The outcome will be a report and archive.
