Submission: Objection
Comments: I write on behalf of the Crouch End Neighbourhood Forum to object to this development.

The Forum is dismayed to see this proposal to build a block of flats alongside Ramsey Court. This is a pleasant recreational green space with trees that is an amenity enjoyed by the residents there, and development on this space would appear to contravene policy DM20. This is just about the last pocket of green space on Park Road, a busy traffic road. To make matters worse it would also involve the loss of four large mature trees. How does this destruction of mature trees square with the Council's self-proclaimed climate emergency?

We recognise that there is a need for more housing, and to this end we do not object to the proposed part of the development for three houses in Barrington Road, replacing a row of shabby garages and matching the existing roof lines of other houses in the road. But the proposed obliteration of the green space and trees alongside Ramsey Court is unacceptable.

Rob Jackson on behalf of the Crouch End Neighbourhood Forum.
