Subject: FW: Objection for planning application HGY/2014/1999

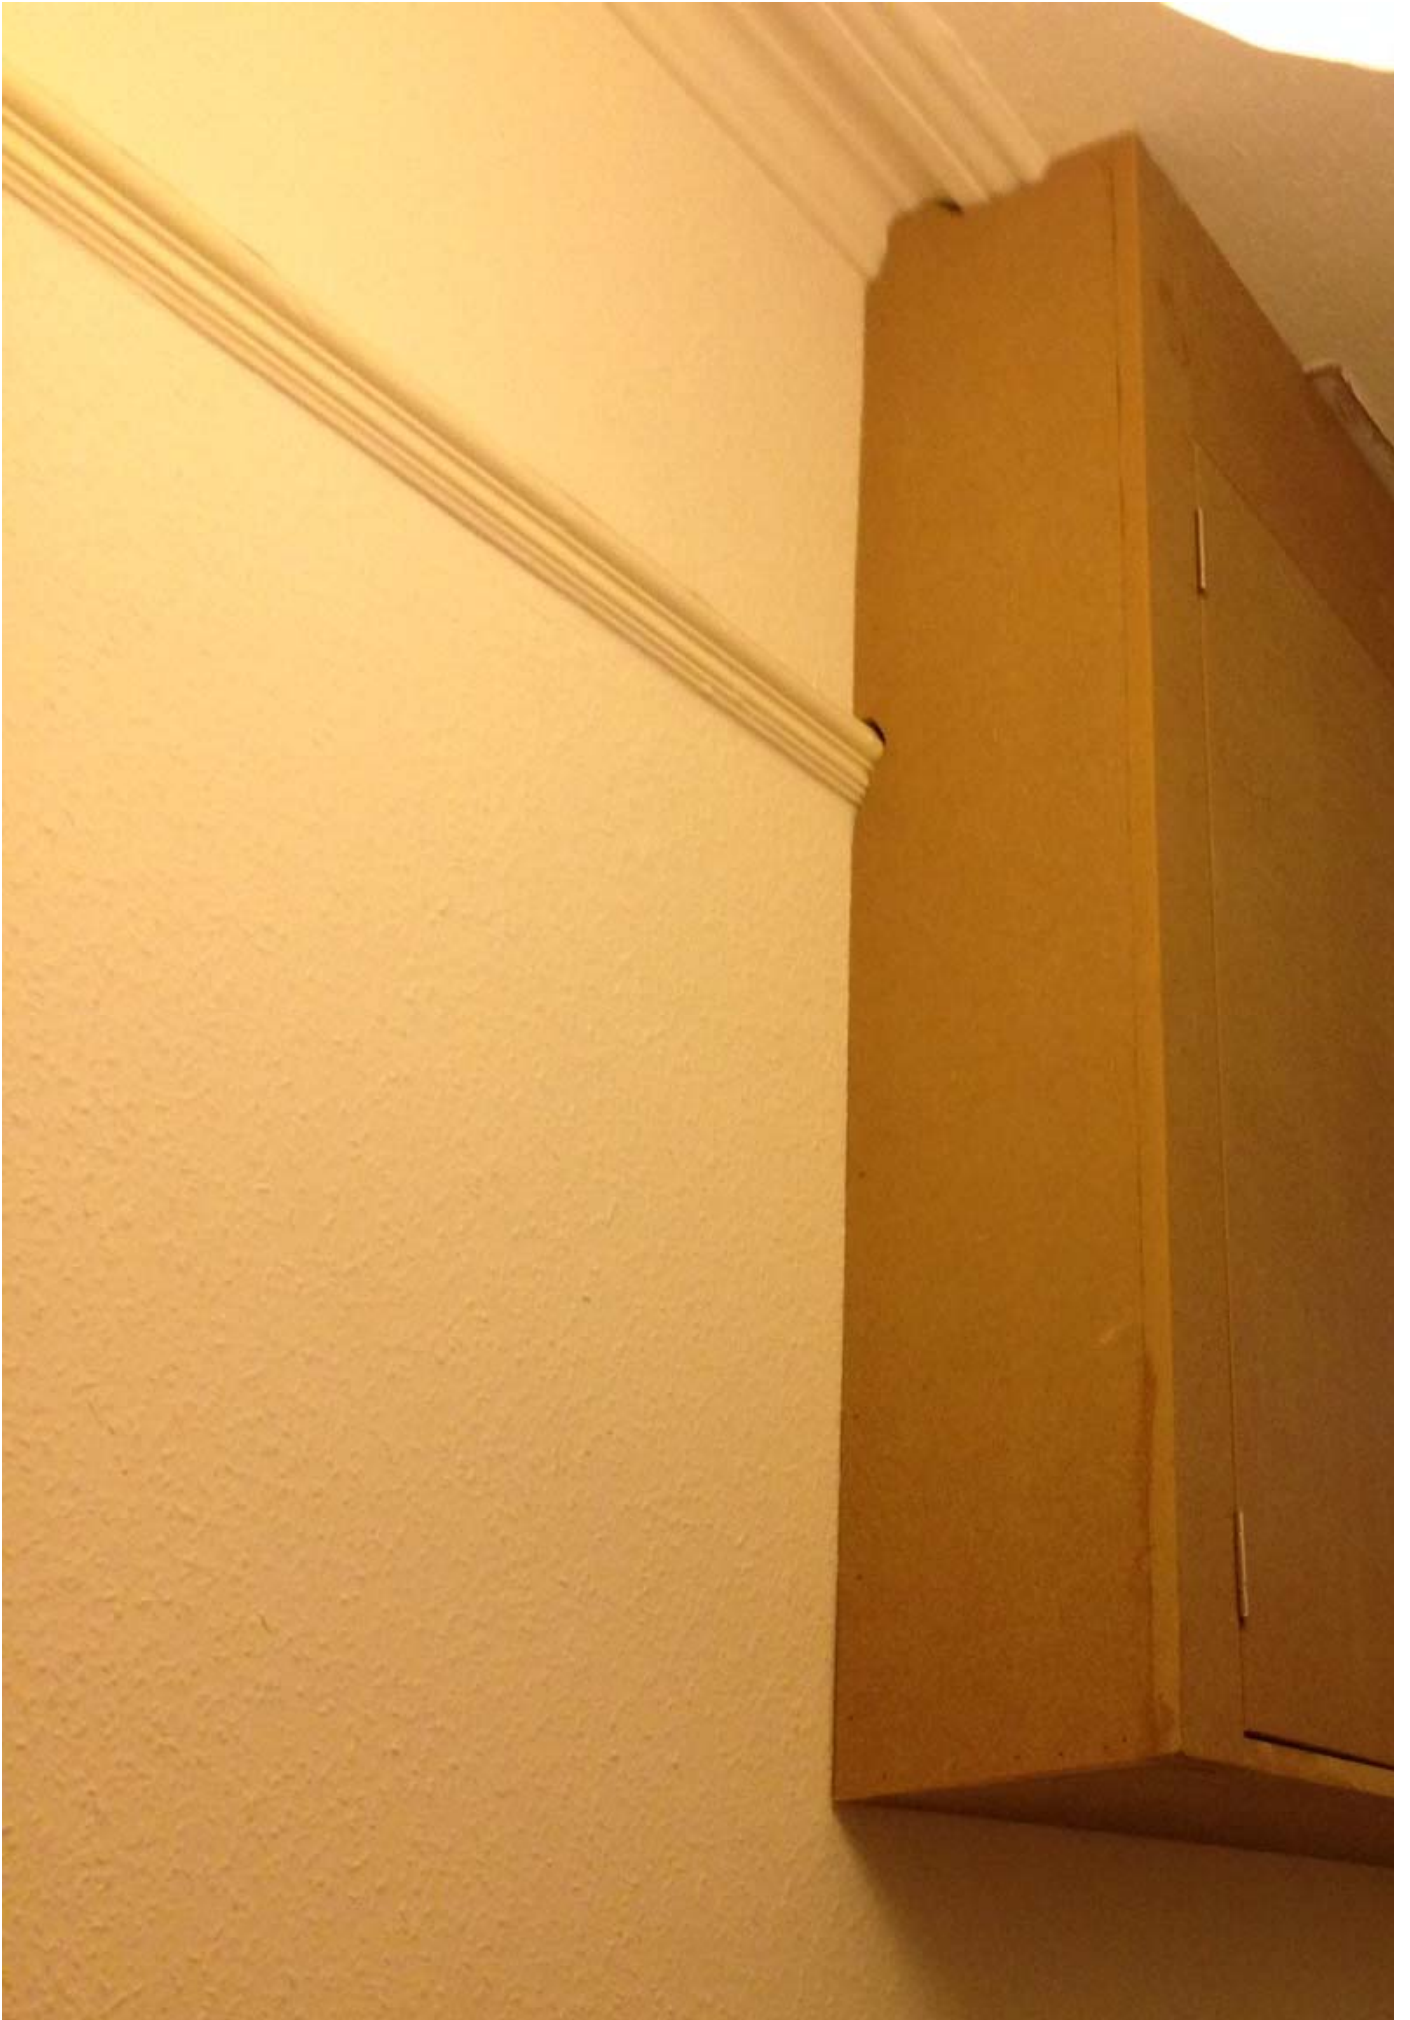

Dear Malachy McGovern (or to whom it may concern),

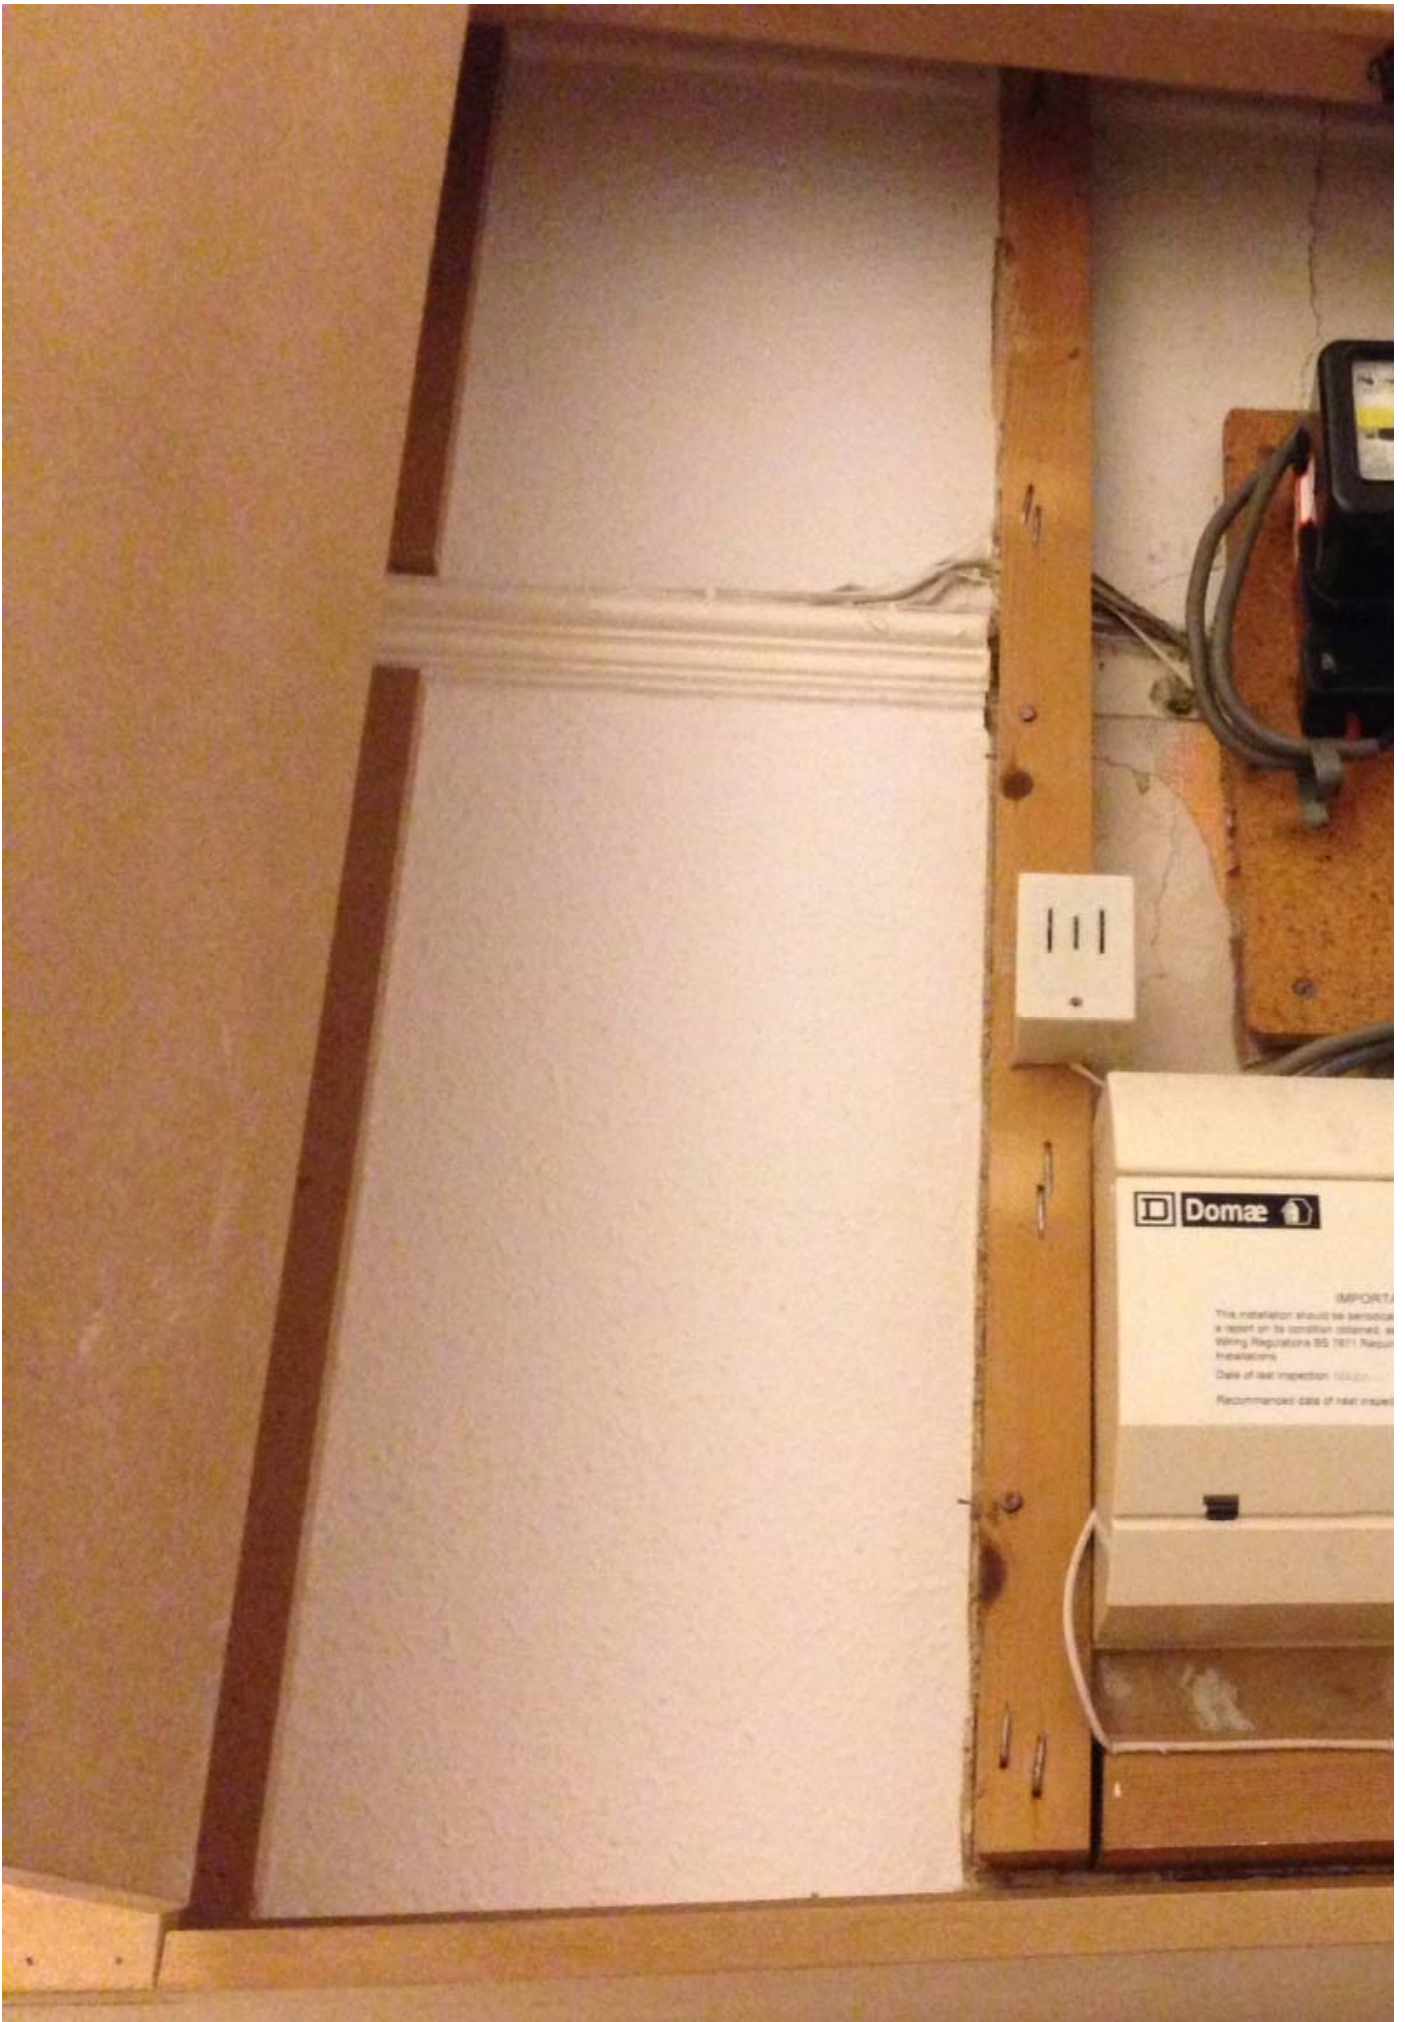

Please find attached an additional **objection** related to the planning application HGY/2014/1999. We live in and are owners of flat 1, 2 Causton Road, N6 5ES (the ground floor of the property in question).

As referenced in our previous objection, we have reason to believe that the owners of flat 3 have already commenced building works in direct relation to the planning application HGY/2014/1999 which has yet to be agreed.

On Friday 8th August, we returned from work to find that the electricity cupboard in the communal hallway had been dismantled and a new one put up in order to accommodate more space for additional electrical boxes. There are two key issues relating to this and the planning permission: 1 - neither flat 1, nor flat 2 were consulted of this change (even though we are leaseholders and 2 - the ceiling was damaged where the original box stood. We have reason to believe they have made this change in preparation for the planning permission to be accepted which seems somewhat pre-emptive given the deadline for comments is yet to pass.

Please see attached pictures.

Thank you

Mrs C Georgiades
