Dear Sir/Madam

Planning Application HGY/2016/1663: 26 Richmond Road, N11 2QER

I am joint owner of 24 Richmond Road, N11 2QR, and I am objecting to the above planning application on the following grounds:

The new plans are virtually the same as the original submission except for a reduction in length of 0.99metres and the overall height that has dropped by 0.1metres (1 from 3metres to an average of 2.9metres in the centre of the sloping roofline).

The proposed side elevation of a new party wall, along the boundary of both properties, will be higher than and very close to our dining room window. This will significantly block the amount of light reaching the window, and will diminish our enjoyment of the room, as it will be overshadowed by the wall right next to the window.

I strongly object to the proposed rear kitchen extension; it is not in keeping with the character of the surrounding buildings and it would protrude well beyond that of other extensions in the road.

There is a feeling of community in the gardens, with open light and space which my family very much enjoy. The proposed extension, would be intrusive and visually depressing, and will have an impact on our privacy and enjoyment of the garden.

Yours sincerely

Allison Farnum-Davies
