Submission: Objection

Comments: I object to the application on the following grounds. Firstly that the building has been sold with planning permission for a community or educational building, NOT as flats. The sale price of the building reflected this and its use should not be changed after the sale has taken place. It would make a wonderful community or educational building and this should be explored fully.

Secondly the site is not appropriate for a residential building as it overlooks the school playground that my two children attend. It is practically part of the playground and is very inappropriate location for flats.
