Submission: Objection

Comments: This project would turn a disused building (previously a school) into a housing development. As I senior leader at Harris Primary, I believe that this will affect all of our pupils at Philip Lane in a negative way. They already complain about feeling unsafe as our playground is so close to the street and feel uncomfortable when people from the community look in. One child told me today - "I feel like people watch what I'm doing all of the time out there and it makes me not want to be near the fence." I object to the plans as the development will make out pupils uncomfortable and unsafe; they will think that people will watch them from the flats. And perhaps they will? Who will live there?
