Submission: Objection

Comments: I strongly object to this planning application on the grounds of overlooking and overshadowing.

Overlooking: As my flat is directly opposite the building, the proposal would lead to the whole of my living room (which has ceiling to floor windows) being completely previously private areas being completely overlooked. This will be a complete infringement of my privacy, and I will not be able to open my blinds at all, as it would be directly facing someone else's flat less than 20m away.

Overshadowing: I live on the 4th floor opposite the proposed building. As proposed building is 6 stories high and directly across the road, it will completely overshadow and block any sunshine from coming through to my flat.
