To Whom It May Concern,

I am writing to convey my enthusiastic support for the Full Planning Permission application concerning the property at 160 High Road, Page Green Terrace, N15 4NU. My name is Mr. Davide Alesi, and I had the opportunity to utilize the workshop space at this location from May 1, 2014, until January 1, 2020.

During my time as a builder, this workshop was crucial for managing my tools and equipment effectively. The facility provided a secure environment where I could store my materials safely, allowing me to focus on my projects without the worry of damage or loss. The 24-hour access to the workshop was particularly beneficial, giving me the flexibility to work at hours that suited my schedule.

In addition to being an excellent storage solution, the workshop became a valuable space for networking and connecting with other professionals in the industry. The collaborative atmosphere fostered many relationships that have proven invaluable throughout my career.

My experience in this supportive and accessible environment has been profoundly impactful, and I fully endorse the planning permission application. I hope my insights will be taken into account as you consider this matter.

Thank you for your time and consideration.

Best regards,

Mr. Davide Alesi
