

10 Space Amazon Eco Cycle Shelter

Product Description

Embrace Sustainable Transportation with the 10-Space Amazon Eco Cycle Shelter

As the world embraces eco-friendly initiatives, the demand for secure and environmentally friendly bike storage solutions has never been greater. Introducing the 10 Space Amazon Eco Cycle Shelter, a versatile and **BREEAM-compliant** option ideal for housing developments, offices, schools, and universities.

Promote Cycling and Contribute to Sustainability

By providing a safe and accessible space for cyclists, you're encouraging a greener mode of transportation and contributing to your overall sustainability rating. The 10 Space Amazon Eco Cycle Shelter is the perfect solution to boost your eco-friendly credentials.

Uncompromising Quality and Durability

Crafted from mild steel and hot-dipped galvanised to BS EN ISO 1461:2022 standards, this cycle shelter is built to withstand the test of time. We collaborate with experienced suppliers to ensure all our products meet the highest standards of quality and longevity.

Customisable Options to Meet Your Needs

The Amazon Eco Cycle Shelter is supplied with a galvanised frame and sheet metal roof, which is standard. However, we offer a range of customisable options to tailor the shelter to your specific requirements:

- Polycarbonate and timber roofs
- Security sliding or swing gates
- Electronic swipe card access
- PIR solar lighting
- Helmet lockers

Enhance User Satisfaction and Promote Cycling

Investing in the 10-Space Amazon Eco Cycle Shelter provides a more convenient bike storage solution and enhances the satisfaction of those who cycle to their destination. Encourage sustainable transportation and contribute to a greener future.

Personalised Support and Site Surveys

Our team of experts is dedicated to ensuring you receive the best possible solution for your project. If you're interested in custom options, contact us for further details or to book a free site survey.

Our specialists will visit your project site, assess your requirements, and provide tailored layout plans to maximise the value and efficiency of your bike storage installation.

Embrace sustainable transportation and elevate your eco-friendly credentials with the 10 Space Amazon Eco Cycle Shelter.

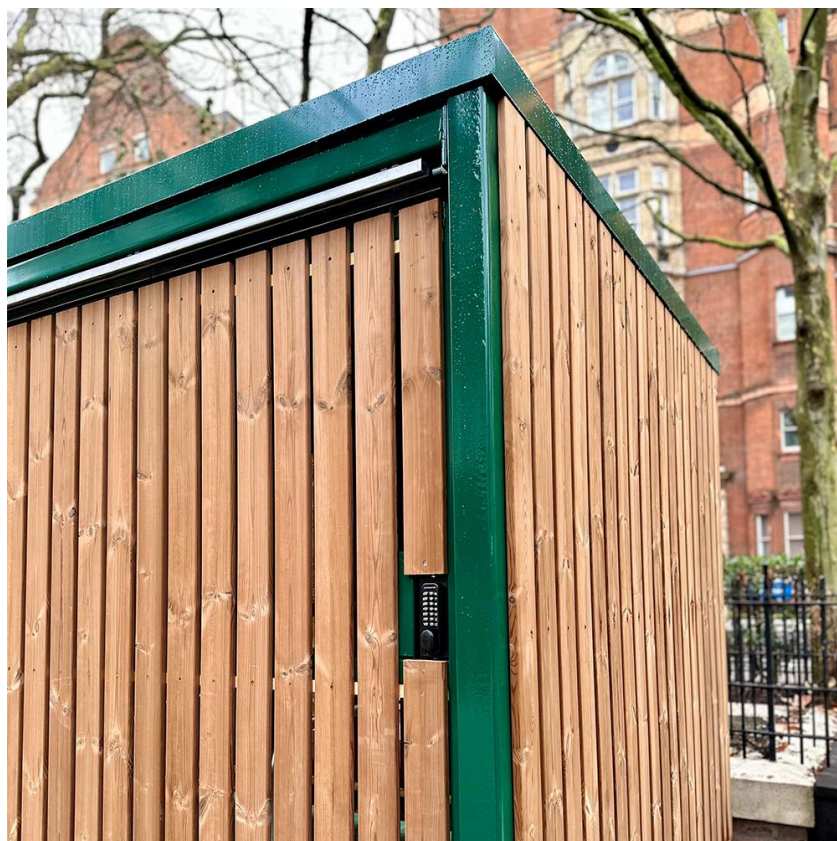

Finishing options

Gatemaster Sliding Digi Lock

- ✓ Keyless Entry: No keys just a code
-  Weatherproof Design: The lock is designed to withstand various weather conditions
-  Battery Backup: In case of a power outage
-  Audible Feedback: Beeps or tones, to confirm successful or unsuccessful access attempts

10 Space Amazon Eco Cycle Shelter Information Sheet

10 Space Amazon Eco Cycle Shelter

As the popularity of cycling grows, so does the need for functional bike storage. Convenience doesn't have to compromise aesthetic appeal, though. The Amazon Eco Cycle Shelter, beautifully clad in timber, is an environmentally friendly storage solution that's practical and pleasing on the eye. Ideal for a number of locations, including: Housing developments, Offices, Schools and Universities.

The 10 Space Amazon Eco Cycle Shelter is supplied as standard with a galvanised frame and sheet metal roof. Polycarbonate and timber roofs are also available, as are other custom options including the addition of: Security Sliding or Swing Gates, PIR Solar Lighting and Helmet Lockers.
