Details of the pre-application advice received

Key extracts from formal feedback, received on 7th July included:

Principle of the proposal

The provision of residential development at this site is supported in principle

Comments on Design

Replacement of the frontage building (46 Chalgrove Road) would be acceptable in principle and has more design appeal than keeping it.

Preferable to maintain the party wall relationship to no.48 rather than leave a gap

Modern design approach is considered to be acceptable

Design options for the mews terraces are acceptable in principle

Size and spaciousness of rear garden to the frontage left by Option 2 is considered sufficient and the privacy of the very long rear garden of 98 Manor Road is not considered unduly impinged, and that could easily be adequately mitigated with a higher screen to no harm to the proposal

Authority Employee/Member

With respect to the Authority, is the applicant and/or agent one of the following:

- (a) a member of staff
- (b) an elected member
- (c) related to a member of staff
- (d) related to an elected member

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.
