No representations were received in response to notification and publicity of the application.

2. Planning assessment

The application site relates to a two storey mid terrace dwelling house. The site is not located within a conservation area.

The application history in relation to this site is noted.

This application is being considered against Local Plan Policy SP11 'Design' and DPD Policy DM1 'Delivering High Quality Design' which requires buildings/ structures to be of a high, site specific, and sensitive design quality and to safeguard neighbouring amenity. Equally and more specifically it is being considered against DPD Policy DM12 'Housing Design and Quality' which states that extensions or alterations to residential buildings, including roof extensions will be required to be of a high, site specific, and sensitive design quality, and respect and/ or complement the form, setting, period, architectural characteristics and detailing of the original building, including external features such as chimneys, and porches. High quality matching or complementary materials should be used appropriately and sensitively in relation to the context.

In terms of amenity London Plan Policy D6 and DPD Policy DM1 both emphasise the importance of protecting amenity of surrounding housing. Policy D6 highlights the need to consider daylight, sunlight, and overshadowing effects on neighbouring properties, ensuring they receive sufficient light appropriate for their context while minimising overshadowing. Similarly, DPD Policy DM1 stresses the requirement for high-quality design to guarantee privacy and amenity for both the development's users and neighbouring residents. This includes providing adequate sunlight, daylight, and aspects to adjacent buildings and land, while also ensuring an appropriate level of privacy to prevent overlooking and maintain the amenity of neighbouring properties.

This application is seeking consent for the removal of existing ground floor rear toilet extension, new French doors and sidelights to the rear elevation, enlargement of garden side door with sidelight, and replacement of existing dining room window with door.

The extension would be finished in materials similar to those of the existing dwelling.

Overall, the proposed alterations would respect the character of the host building and wider locality. The proposal is therefore acceptable with regards to design and character considerations.

Impact on neighbouring amenity

The proposed works would not result in any material impact on the amenities of neighbouring residential occupants. The proposal is therefore acceptable with regards to amenity impact considerations.

Overall, the proposed development is considered acceptable in terms of design and amenity consolidation, in accordance with Policies DM1 and DM12 of the Development Management, Development Plan Document 2017, and policy SP11 of Haringey's Local Plan Strategic Policies 2017, as well as according with the relevant policies of the London Plan 2021 and the NPPF. All other relevant policies and considerations, including equalities, have been taken into account.

3. CIL Applicable

4. Recommendation

It is therefore recommended that this application be APPROVED in accordance with the following conditions:

Conditions:

- 1 The development to which this permission relates must be begun no later than three years from the date of this decision notice, failing which the permission shall be of no effect.

Reason: This condition is imposed by virtue of Section 91 of the Town and Country Planning Act 1990 and to prevent the accumulation of unimplemented planning permissions.

- 2 The development hereby permitted shall be carried out in complete accordance with the approved plans and drawings listed in this decision notice, other than where those details are altered pursuant to the conditions of this planning permission.

Reason: For the avoidance of doubt and in the interests of proper planning.

- 3 The external materials to be used for the proposed development shall match those specified in the application form.

Reason: In order to ensure a satisfactory appearance for the proposed development, to safeguard the visual amenity of neighbouring properties and the appearance of the locality consistent with Policy D3 of the London Plan 2021, Policy SP11 of the Haringey Local Plan 2017 and Policy DM1 of The Development Management DPD 2017.
